MSV Single Premium Plan

Warning that higher inflation and weaker economic growth could be in store, that is keeping a close eye on the subprime mortgage crisis and recent spike in oil prices.

He also expressed concern that the rise in energy prices - oil is now trading at about \$96 a barrel - could lead to both higher inflation and weaker levels of economic growth.

In his testimony, he said that the would "act as needed" in order to make sure that it can keep inflation under control as well as maintain "sustainable economic growth."
